menichetti
glues & adhesives

Fucecchio (FI), 03/12/2025

Dear Customer,

Object: **Safety Data Sheet according to Regulation 1907/2006/EC – REACH about STAY TAPE**

Concerning the REACH norm (regulation EC 1907/2006), we declare that ***Menichetti Glues&Adhesives Srl*** has understood and is applying the norm according to the modes and the times expected by the norm itself.
Concerning **Stay Tape** products, in all available versions, and in according to art. 3, par. 1, (point 33) ***Menichetti Glues&Adhesives Srl*** is designed as:

"supplier of an article: every manufacturer and/or importer and/or downstream user in a supply chain of a substance or other actor that introduce an article in the market";
manufacturer and dealer of articles according to regulation 1907/2006/EC, art. 3, par. 1, (point 3).
"article: an object which during production is given a special shape, surface or design, which determines its function to a greater degree that does its chemical composition.", so We are final user of the substances/preparations used by production of the articles sold to You, therefore we will continue to request upgrades to our suppliers about the substances that we purchased, according to the specific use is made in ***Menichetti Glues&Adhesives Srl.***

European legislation in the field of chemicals (REACH Reg. 1907-2006) does not mention the requirement for a manufacturer of articles, in contrast to what is required for a manufacturer of chemicals or chemical compounds, to provide safety data sheet. Also has an obligation to inform the final user in the case the article itself contains a substance considered "problematic" (SVHC)
